Kiva

Combine the easygoing charm of the Southwest with a chic, polished aesthetic, and you get Kiva, a boutique collection that marries natural design and rich, warm colors with elevated minimalism and mid-century tendencies. Kiva is grounded yet full of life, evoking the raw beauty of a landscape that whispers of tribal history and hospitality. The collection features double fire, glazed white body ceramic tile paired with high-pigment paint. Combine leathers, light-colored woods, desert art, copper fixtures, geometric rugs, and cacti with unexpected ultra-modern touches to play up the chic factor. Kiva brings a wellness retreat to your space.
