WALKER ZANGER™

## PARADIGM™

Paradigm™ reimagines the ancient art of mosaic with decidedly modern sensibility. These eclectic patterns and moldings are prepared with the exacting precision, clean lines, and impeccable finishing one expects from Italian craftsmanship. Whether you aspire to the cool minimalism of a Manhattan loft, or the playful modernism of a Palm Springs hideaway, Paradigm's™ breadth of design will bring your vision to life.

Paradigm™ tiles are made of natural stone. For installation on shower floors, please refer to TCNA guidelines and consult with your installer for proper waterproofing and sealing requirements. We recommend sealing all natural stone products with a penetrating sealer and sealing all porous non-polished stone (limestone, tumbled marble, etc.) prior to grouting. This prevents grout from staining or affecting the color of the stone. Stone is a natural product, and care should be taken to protect it from harsh abrasive cleaners and abrasive cleaning tools. For further questions/information about usages, please consult with your installer.
